

Crab

On the pebbled beach
The peddler hunts for gems as
A gull eats his lunch.

*-- All politics aside, congratulations from the Crane Clan
on your triumphs today!*

Dragon

The great wave crashes
From the mountains to the sea
Too late for the moon.

*-- All politics aside, congratulations from the Crane Clan
on your triumphs today!*

Crane

A bitter wind tears
This banner, by honor ripped
In two directions.

*-- All politics aside, congratulations from the Crane Clan
on your triumphs today!*

Lion

The snarling beast wakes
To find its leash cut, the scent
Of blood on the wind.

*-- All politics aside, congratulations from the Crane Clan
on your triumphs today!*

Phoenix

Earth lost in Shadow
Void in Emptiness. Who next
Awaits Sacrifice?

*-- All politics aside, congratulations from the Crane Clan
on your triumphs today!*

Unicorn

It is hard to read
The fine calligraphy while
Mounted on horseback.

*-- All politics aside, congratulations from the Crane Clan
on your triumphs today!*

Scorpion

Tying your obi
In too many knots, it seems,
Leaves you fully bound

*-- All politics aside, congratulations from the Crane Clan
on your triumphs today!*
